## MAX MULLER SIGNED BY SALT LAKE CLUB

Announcement was made yesterday by the management of the Salt Lake baseball club that a new outfielder had been signed. Max Muller is the latest addition to the roster, and although he is known to be a good player, it is said that he is a good man and will prove a valuable member of the team. Muller was formerly one of the outfielders of the Helena team until that organization disbanded last season. He has a good record as a fielder and although he is not a sensational hitter he can be depended on to do his share of the team's work.

## ARBITRATION LOOKS LIKE CONFISCATION

Spokane fans are having a taste of baseball arbitration quite similar to that handed out to Salt Lake in the case of "Bridget" Donahue. The Durrett has been awarded to the Montgomery club despite the vigorous protest of the Spokane managers and the fact that Durrett had signed a contract with the Indians and received \$10,000 advance money. From present indications the Spokane managers will probably lose not only the player, but the coin advanced for his services, says a Spokane paper in the following item:

Just what sort of a game was played at the meeting of the national board whereby the Durrett was awarded to the Montgomery club is a guess at this distance. The unfairness of the board's action is amply demonstrated when it is shown that Spokane was not even notified of the dispute, let alone being given an opportunity to present its side of the case.

It may be true that Durrett did crooked work in going to the outlaws and then jumping to Spokane. But it is also true that Durrett was lured by the present Spokane management, signed a contract for this year and was given \$10,000 advance money, including a ticket, it isn't even safe at this time to figure on the return of that ballion.

## AMATEUR LEAGUE FOR MINING CAMPS

A "miners" league has been proposed by the baseball fans of Tintic. The idea is to have a four-club organization, including Mammoth, Mercer, Eureka, and Bingham. The promoters in the Tintic district think that a league of this kind would pay, as the people of these four towns are enthusiastic over the game. Dick Richards, formerly of this city, is promoting the affair, and even if the proposed league should not be organized, Richards says he will have a first-class amateur team at Mammoth to compete with the other ball teams of the State.

## HORSEMAN HAS HARD LUCK WITH HIS STABLE

NEW YORK, March 15.—Kentucky Union, 2074, owned by John J. Scannell of this city, is dead at the former Fire Commissioner's breeding farm near Fishkill Landing. In 1959 the mare as a 3-year-old gave promise of great things and beat the best trotters on the Grand circuit. Only a few weeks ago Mr. Scannell lost his champion trotter, The Abbot, in a similar way.

## LONG PRICED HORSES FIRST AT OAKLAND

SAN FRANCISCO, March 15.—Long-priced horses were again to the front at Oakland today, Hainault being the only favorite to win. A six furlong handicap was the main attraction and though Kennilworth ruled favorite in the early stages of the betting, Albulba was most in demand when the field went to the post. Sad Sam went to the front but stopped when the stretch was reached. Arabo, who had moved up on the outside, took the lead and won easily from Ocean Dream, while Albulba, who was in the heaviest going, finished third. Kennilworth made a poor showing.

The most spectacular finish was in the last race, where Otis, who made his first appearance since an accident two months ago, landed Ontario first by a neck in front of Daisy Green, while Venator, the heavy-played favorite, was third. Results:

First race, six and a half furlongs, selling—Captivate won, Maraschino second, Adirondack third. Time, 1:24.

Second race, four furlongs—Del Carina won, Saccharate second, Mispah third. Time, 1:12.

Third race, mile and a furlong, selling—Mr. Farum won, Mr. Dingle second, The Froster third. Time, 1:39.

Fourth race, mile and a half, selling—Hainault won, Horton second, Andrad third. Time, 1:47.

Fifth race, six furlongs, handicap—Arabo won, Ocean Dream second, Albulba third. Time, 1:24.

Sixth race, five and a half furlongs—Ontario won, Daisy Green second, Venator third. Time, 1:15.

## SAD DAY FOR TALENT AT LOS ANGELES TRACK

LOS ANGELES, March 15.—It was a sad day for the talent at Ascot today, not a single favorite getting home in front. The books kept most of the money handed them on the six races. McGrathana Prince won the heat race on the card, a free handicap, at a mile and a sixteenth. Formaster was a red-hot favorite at 7 to 5. The Prince won all the way. Weather good, track fast. Results:

First race, five furlongs, selling—Hindoo Princess won, Jack Richelieu Jr. second, Can Nell third. Time, 1:32.

Second race, four furlongs, purse—Pogey Mine won, H. Dutton second, Tim Hart third. Time, 1:16.

Third race, six furlongs, selling—Chief Alpha won, James J. Corbett second, Chemist third. Time, 1:16.

Fourth race, mile and a sixteenth, handicap—McGrathana Prince won, Bragg second, Greenback third. Time, 1:47.

Fifth race, mile and a quarter, selling—Jingler won, Maj. Dixon second, Admetus third. Time, 2:18.

Sixth race, six furlongs, selling—Rosebud won, Eldred second, Nona B. third. Time, 1:15.

This announcement he made in addressing

## MARKHAM TO FIGHT AT TINTIC TONIGHT

A dispatch from Mammoth says that Tommy Markham, the Eureka boxer, has signed to meet Ed Rust of Silver City in a twenty-round bout this evening. The bout will be held at Mammoth and the conditions are that the entire gate receipts go to the winner.

Just who Rust is no one in this vicinity has yet been able to find out. He is either a "ringer" or else must have a great deal of confidence in himself to meet Markham under the above conditions, as the latter does not get a cent. The fight is attracting considerable attention throughout the Tintic district and reports say that Rust, the unknown, has quite a number of friends who will back him to win against the Eureka lad.

Markham is not satisfied with the showing he made against Clifford in their recent fight in this city and is seeking another battle. He is looking for a fight off in one of the southern Utah mining camps, where he says he can get backing to the extent of \$200. If Clifford loses to Perry Queenan it is possible that the match may be arranged.

## SPOKANE PLAYER GOES TO ARKANSAS

George Reed, formerly second baseman for the Spokane club, has left the Indians to play with the Little Rock, Ark., team. Judging from press reports Reed was not a favorite with the Spokane managers and players and he leaves few friends in the Washington town to mourn his absence. The Spokane Review has this to say:

It was announced last week that one George Reed had left to play second base for Little Rock.

If ever a man's departure from Spokane was hailed with joy, it is the departure of George Reed. It is the opinion of many here that the team of the same George M. Reed—and the pleasure is not confined wholly to Clyde Williams or Charley Reilly.

The two bosses are probably more relieved than others over the leaving of Reed, owing to the latter's work in trying to place obstacles in their way. Reed, more than any one else, had to do with the disaffection of Lammie and Norkey, and it was this same gentleman who is reported to have been in on the offer to McCloskey and Lucas to throw down Williams.

Notwithstanding all this, Reed is heralded on leaving as "the former second baseman and manager of the Indians." That last was more than Williams could stand.

## FOURTEEN INNINGS AT LOS ANGELES

LOS ANGELES, March 15.—Chicago Nationals and Los Angeles played a fourteen-inning game at Washington park this afternoon and the final score was 2 to 1 in favor of the National league.

clares that we are not citizens, and affords us no protection. We cannot but feel that we are in a bad situation. This is no country for us.

"I do not advocate retaliation, but we should stand up manfully and protest, and appeal to the few friends that we have left to see to it that we get justice, since we are here.

"They tell me this is a land of Christianity, and of civilization, when here there is no religion, no law, no peace and brotherly love, for as soon as the negro shows too much of this spirit the white man says he is a coward. The many demand manhood rights, not black manhood rights nor white manhood rights. I do not ask for social equality or amalgamation, but for our own choice of religion as to taste and fitness. I want everything that any other man may have. But the white man cannot be just to us, because he has in him none of the spirit of Christ."

# SCROFULA

Swollen glands, tumors, white swellings, sores, pustular or scaly skin eruptions, flabby muscles, brittle bones, weak digestion, emaciated, ill-nourished bodies, are some of the well-known earmarks of Scrofula. Scrofula is inherited. Parents too closely related by the ties of blood, or tainted with consumption or blood poison, may look for signs of Scrofula in their children. The middle-aged often have it, but children are the chief sufferers. Scrofula breaks down the vital forces, and the blood becomes so weak and poor that it does not nourish the body. The remedy in all scrofulous affections must be one that purifies the diseased blood, builds up the weak digestion, increases the appetite and gives new energy and strength to all life's forces. No medicine has won so much fame as a blood purifier as S. S. S., and its tonic effects upon the system are not equaled by any other remedy. It makes the weak, tainted blood rich and strong, and drives out of the circulation all tubercular deposits and morbid matter that cause the glandular swelling, sores, abscesses, tumors and other horrible symptoms that make Scrofula so dreaded and dangerous.
